Can be made into a Table top or Floor model

\$395

Flash

Telescopic retractable

Sometimes

one feels the need for change. The Flash incorporates the classic quick change top Grip rail and can ship with optional low profile hook & loop which is only 30% of the thickness of traditional Velcro® fastener. The telescopic pole allows a variable graphic height from 39"-78" with just the twist of a thumbscrew...or two.

Key features

- Interchangeable graphic top and bottom rail
- Telescopic pole holds graphics from 40-84"
- Available in Black or Silver/Chrome
- Slim design for superior portability
- Flip out foot for stability
